

THE ISLAND IS KING

Cape Wickham Links

LONG famed for its cheese, free-range beef and laid-back atmosphere, King Island in Bass Strait is also quickly becoming known on a global scale for its amazing, world-class golf. With two magnificent courses now gracing its shores, Ocean Dunes and Cape Wickham, golfers from far and wide are buzzing with excitement about this once sleepy island. Indeed, the tiny island is on the verge of a major boom in golf tourism, as the courses, services, accommodation and food are all becoming renowned across the globe.

Inside Golf has travelled to King Island on a variety of occasions, and we have developed a bit of a “golf crush” on the island. Though windswept and still a bit “raw” it offers golfers a pure, endearing and exciting golf adventure that must be experienced to be appreciated. Both layouts are true “golfer’s courses”. They are perfect for the player who prefers a challenging, raw, bump-and-run type of golf (the way golf was meant to be played), yet also enjoyable for the higher marker, as their rugged charm is equalled only by their sheer beauty.

THE GOLF

NESTLED on the west coast of the island, just 4km outside of the central town of Currie, **Ocean Dunes** has everything that the passionate golfer could want, from spectacular ocean views to challenging world-class golf. Covering 285 acres, incorporating rolling dunes and unsurpassed views along 2km of majestic coastline, the course features subtle, rolling greens set in picture-perfect, natural locations.

Meandering along the rocky coast, the opening holes are simply jaw-dropping. From the opening teeshot on the 500m par-5 first hole—which requires a well-placed drive over the dunes to a dog-leg fairway, to the blind approach on the 280m par-4 second hole (again, over a dune), you’ll need to learn quickly to focus on your game (and not the awe-inspiring views). The following holes are no picnic, especially on a windy day. Both the 425m par-4 third and the amazing 130m par-3 fourth require water carries, but if you keep your wits about you, you can safely navigate the course, and keep the ball dry!

You continue your journey along the front nine by continuing inward, winding through and around the dunes, (but the ocean views will stay with you throughout). With each hole you become more and more mesmerised by just how special this course really is.

The back-nine features even more of the raw beauty, and pure, rugged golf, starting with the par-3 tenth, a 210m brute which plays across 3 Rivers Bay. Among our favourite holes are the 13th and 14th, both at the highest points on the course. The 13th is a drivable par-four for the bigger hitters (310m) while the 14th is a short par-three (110m) from an elevated tee. But don’t let the distance fool you – with some wind in your face, the hole could require a LOT more club than you think.

In truth, there are no weak holes at Ocean Dunes. All throughout the course, you are presented with a variety of risk/reward options, daunting tee shots, troublesome rough and well-protected greens. Firm and fast conditions are the name of the game

here. The greens are large, undulating and receptive; just make sure you hit the fairway and give yourself a chance.

In only its third year, Ocean Dunes has shot up the rankings, now sitting firmly among Australia’s Top-10, making it a true must-play course.

Multiple tee blocks are available for players of all standards to choose from, with between four and seven tee options on each hole. So whether you opt to take on the “teeth” of the course from the back tees, or simply choose the more “friendly” forward tees, there is something for golfers of every level/skillset, offering everyone a chance to not only try and tame the course, but to also have one heck of a fun time.

There are also new two-, three- and four-day Play & Stay packages available, including off-peak specials, playing both Ocean Dunes and Cape Wickham. Visit the website for details.

Up the coast from Ocean Dunes, the magnificent **Cape Wickham Links** has been ranked the 24th best golf course in the world by Golf Digest Magazine (USA). Situated near the northwestern tip of King Island and designed by American Mike DeVries and Melbourne’s Darius Oliver, the course was recently described as one of the “hottest new layouts on the globe”.

Known for its challenging and wonderful layout—not to mention its views of the

famous lighthouse (the tallest in the Southern Hemisphere)—The Cape Wickham routing has been described as “heart-pounding, starting along rocks and crashing surf, moving inland but not out of the wind, returning to ocean edge at the downhill 10th, pitch-shot 11th and drivable par-4 12th, then wandering into dunes before a crescendo closing hole curving along Victoria Cove beach, which is in play at low tides.”

Inside Golf has played the course on a number of occasions and we always walk away impressed and in awe. From the mesmerising views to the spectacular layout and the true challenge of the course, it is definitely a must-play course that not only demands respect, but commands adoration. And with the recent announcement that the facility will be managed by Troon International, Cape Wickham is set to impress well into the future.

Though the entire course features some of the most beautiful and challenging holes you’ll ever play, the back-nine is the real treat here, with the par-4 16th and par-3 17th the real standouts. Both holes feature teeboxes along the rocky coastline, requiring nerves of steel and a quality teeshot to find success.

Cape Wickham Links has 16 ocean view rooms on course (see Accommodation section), and there are plans for a new clubhouse and additional rooms, making the course an enticing stay-and-play option.

King Island Golf and Bowls Club

Ocean Dunes

Somewhat overshadowed by the two new courses (but no less spectacular), the long-established **King Island Golf and Bowls club**, in Currie, is one of the world's greatest 9-hole courses. When the wind is blowing, it is one of the most challenging courses you'll ever play, demanding creativity and strategy to plot your way to the hole. It's also a lot of fun.

The course hugs a spectacular coastline, offering endless ocean vistas, a clever routing and greens in great condition. The course is a composite 18 holes, with alternate tees (17) and greens (12) on ten fairways. There are three Par-3s, 12 Par-4s and three Par-5s with a total length of 5476m.

Taraki Lodge

Each bedroom is very large (12m long by 4.2m wide) and has an ensuite bathroom and a superb north-facing balcony.

The bedrooms are less than 40m from the first tee and practice green but you would never guess they are so close. A small sand dune creates total privacy from this busy area of the golf course. They are also less than 5 minutes' walk from the clubhouse.

A great new service for guests, the first in Australia, is that golfers staying at Wickham can have the convenience of charging the battery of their Club Car golf cart overnight at a charging station adjacent to their room. In other words, golfers staying overnight, and using a cart, get to keep the same cart for the duration of their stay.

Taraki Lodge

Taraki Lodge was an idea that four families had discussed not too seriously over dinner one night a few years ago. All families have a particular interest in golf and are members of a fine assortment of Melbourne Sandbelt golf clubs including Kingston Heath, Victoria, The National and Peninsula. So Taraki Lodge was born out of not only the love of golf but as a result the love of King Island and its wonderful residents. The island is wild and enchanting with spectacular land and seascapes, rich oceans, lush farmlands, hidden forests and pristine unspoiled beaches.

The house sits high atop sand dunes and faces due west. In fact, if you set out in a boat heading in that direction the first landfall would be Argentina in South America because you would sail well south of South Africa. You will notice that the bedrooms are

named after their geographic location in the house or the direction they face, in case you lose your way.

Please make yourselves at home and have a lovely short or long vacation. The house has all the comforts of home and all the tools needed to relax with spectacular views to distract you out to Bass Strait and the Roaring Forties. For more information, contact tarakilodge@gmail.com or phone Ayra: 0401 341 988.
